Virginia Cancer Specialists

Northern Virginia Thoracic Oncology Symposium

March 10, 2018 • Ritz-Carlton, Tysons Corner • McLean, Virginia

JOHNS HOPKINS
MEDICINE

Virginia Cancer
Specialists

Course Description:

The number of new lung cancer therapies for Non Small Cell Lung Cancer (NSCLC) has exploded over the past few years, as well as the complexity of treatment, and the need to co-manage patients with a multidisciplinary approach. Oncologists who have traditionally worked independently, are now encouraged to collaborate with colleagues to ensure that the right procedures are followed and appropriate tissue is obtained for the correct treatment plan. It is the goal of this CME activity to bring together the community of medical professionals that co-manage these patients to optimize patient outcomes. Participants will gain insight into novel techniques for the staging of lung cancer, new surgical treatments, controversies in disease, immunotherapy advancements and the management of targeted therapies.

Who Should Attend:

This activity is intended for pulmonologists, thoracic surgeons, oncologists and radiation oncologists.

Objectives

After attending this activity, the participant will demonstrate the ability to:

- Identify the appropriate patients for multidisciplinary lung cancer care.
- Evaluate patients for the appropriate treatments (targeted, immunotherapy) where applicable.
- Formulate a plan for comprehensive management when multiple therapies are available.
- Management of toxicities of therapy that may require input from multiple specialties.

Accreditation Statement

The Johns Hopkins University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation Statement

The Johns Hopkins University School of Medicine designates this live activity for a maximum of 7.75 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Other Credits

American Academy of Nurse Practitioners National Certification Program accepts *AMA PRA Category 1 Credit™* from organizations accredited by the ACCME.

American Nurses Credentialing Center (ANCC) accepts *AMA PRA Category 1 Credit™* from organizations accredited by the ACCME.

American Academy of Physician Assistants (AAPA) accepts certificates of participation for educational activities certified for *AMA PRA Category 1 Credit™* from organizations accredited by ACCME. Physician assistants may receive a maximum of 7.75 AAPA Category 1 CME credit(s) for completing this program.

The Johns Hopkins University has approved this activity for 7.75 **contact hours for non-physicians**.

SPEAKERS

Activity Directors

David Ettinger, MD

Alex Grass Professor of Oncology
Johns Hopkins University School of Medicine

Alexander Spira, MD

Director of the VCS Research Institute
Virginia Cancer Specialists

Speakers

Stephen Broderick, MD

Assistant Professor of Surgery
Johns Hopkins University School of Medicine

Russell Hales, MD

Assistant Professor of Radiation Oncology
and Molecular Radiation Sciences
Director, Thoracic Oncology Multidisciplinary Program
Johns Hopkins University School of Medicine

Sandeep J. Khandhar, MD

Thoracic Surgeon
Inova Health System

Stephen V. Liu, MD

Assistant Professor of Medicine
Department of Medicine
Division of Hematology / Oncology
Georgetown University School of Medicine

Bobby Mahajan, MD, FCCP, DAABIP

Medical Director, Interventional Pulmonology
Inova Health System

Timothy A. McCarthy, MD

Practicing Oncologist
Virginia Cancer Specialists

PROGRAM

7:30 - 8:00 Course Introduction and Conference Goals

Alexander Spira, MD

8:00 - 8:45 Novel Techniques for Staging of Lung Cancer

Bobby Mahajan, MD, FCCP, DAABIP

8:45 - 9:20 Surgical Treatments of Lung Cancer

Stephen Broderick, MD and Sandeep J. Khandhar, MD

9:20 - 10:00 Early Recovery with Ambulation after Surgery (T-ERAS)

Sandeep J. Khandhar, MD

10:00 - 10:15 Refreshment Break

10:15 - 11:00 Novel Approaches Towards Radiation

Russell Hales, MD

11:00 - 12:00 Panel Discussion: Controversies of Stage III Disease

Alexander Spira, MD, Russell Hales, MD,
Stephen V. Liu, MD, Bobby Mahajan, MD and
Timothy A. McCarthy, MD

12:00 - 12:45 Lunch

12:45 - 1:45 Biology of Immunotherapy Response and Toxicity

Stephen Liu, MD

1:45 - 2:00 Refreshment Break

2:00 - 3:00 Targeted Therapies

Alexander Spira, MD

3:00 - 4:00 Current and Future Status of Immunotherapy in Lung Cancer

David Ettinger, MD

4:00 - 4:30 Closing Remarks and Course Summary

Alexander Spira, MD

FEES

Methods of Payment: We require full payment prior to the start of the activity. On-site payments by credit card only. The registration fee includes instructional materials, continental breakfast, refreshment breaks and lunch.

Physicians\$165

Residents*/Fellows*/Nurses/NPs/PAs/Allied Health Professionals\$125

**with verification of status*

You will receive a confirmation by e-mail. If you have not received it by **March 4, 2018** call (410) 502-9634 to confirm that you are registered. A transcript of attendance will be available upon attestation of your credit hours and submission of the post activity online evaluation. The Johns Hopkins University reserves the right to cancel or postpone any activity due to unforeseen circumstances. In this event, the University will refund the registration fee but is not responsible for travel expenses. Additionally, we reserve the right to change the venue to a comparable venue. Under such circumstances registrants will be notified as soon as possible.

LATE FEE AND REFUND POLICY

A \$50 late fee applies to registrations received after 5:00 p.m. ET on **March 4, 2018**. A handling fee of \$50 will be deducted for cancellation. An additional fee may apply for cancellation of other events, including workshops and social activities. Refund requests must be received by fax or mail by March 4, 2018. No refunds will be made thereafter. Transfer of registration to another Johns Hopkins activity in lieu of cancellation is not possible.
