

Dear Valued Patient,

At Virginia Cancer Specialists, we strive to make your visit as smooth and stress-free as possible. To help ensure a seamless experience at our Bethesda Office, we would like to share some important parking and location information.

### **Office Location & Directions**

Our office is located at **7500 Old Georgetown Road** (off Wisconsin Ave). Please note that 7500 Wisconsin Ave (across the street) is an empty building. To avoid confusion, we recommend informing drivers or ride services that we are next door to the Bethesda Metro.

We are also pleased to share that more patients are now accessing our office via Metro and walking routes. Upon entering the lobby, you will find a Concierge available to assist you.

### **Parking Information**

- **Garage Entrance:** Located at the back of the building, accessible from Edgemoor Lane.
- **Reserved Parking for Virginia Cancer Specialists Patients:** Available on **Level P4**. Simply follow the signs to the elevator entrance for easy access.
- **Elevator Access:** When using the elevator, press “**3**”, and the system will direct you to the “letter” of the appropriate elevator.

### **Parking Payment & Pre-Registration**

To make parking hassle-free, we strongly encourage you to preregister your vehicle with Metropolis before your visit. You will need your license plate number and credit card information for registration.

You can sign up online at <https://app.metropolis.io/sign-in> or download the *Metropolis app* for quick and convenient payment. There are no kiosks or attendants on-site - **the Metropolis app is the only way to pay for parking.**

### **Contact & Assistance**

We appreciate your trust in Virginia Cancer Specialists and look forward to providing you with exceptional care. If you have any questions or need further assistance, please do not hesitate to contact our office.

Sincerely,

*The Virginia Cancer Specialists Team*
